

Selected as an Outstanding Company for the Third Consecutive Year in Gomez ESG Website Ranking 2026 Evaluating Comprehensiveness of ESG Information Disclosure

Leopalace21 Corporation (headquarters: Nakano-ku, Tokyo, Japan; President and CEO: Bunya Miyao; the “Company”) is pleased to announce that it has been selected as an outstanding company for the third consecutive year in the Gomez ESG Website Ranking 2026.

Initiatives to Enhance the Functionality of the Sustainability Website

The Company has continuously enhanced its sustainability website to strengthen communications with the stakeholders. Since fiscal year 2024, the Company has focused on the following initiatives to improve transparency of information disclosure and enhance the website's usability.

■Expansion of Content

The Company has systematically organized information related to environmental, social, and governance (ESG) matters and expanded the scope of its disclosure.

In recent years, it has placed particular emphasis on enhancing disclosure related to human capital management, including HR system and talent development policies.

■Enhancement of Data

The Company has disclosed quantitative ESG data, including CO₂ emissions and human capital metrics over multiple years to provide stakeholders with a clear view of its performance trends.

In addition, key ESG-related KPIs are prominently featured on the homepage, enabling stakeholders to monitor the progress of its sustainability initiatives objectively and continuously.

■Improving Usability

To help users quickly and easily access the information they need, the Company is continuously enhancing the website's usability, including improvements to the site search function. In addition, the Company has newly introduced an ESG Information Index page, providing clear and convenient navigation to key ESG-related content across the website.

About Gomez ESG Website Ranking 2026

The Gomez ESG Website Ranking Survey evaluates the ESG websites of listed companies based on a set of criteria organized into five categories: "Website Usability," "ESG Common," "E (Environment)," "S (Social)," and "G (Governance)." These criteria are designed to reflect the perspectives of a wide range of stakeholders, not just shareholders and investors.
